

Becoming a parent is one of life's most precious and challenging journeys, filled with questions, doubts, and excitement. That's why we're here.

Founded in 1983 as the Family Visitor Program of Garfield County and known today as **Great Expectations**, our evidence-based perinatal home visiting programs improve child and maternal health and reduce the risk of child abuse and neglect. Our registered nurses and family support specialists confidentially and compassionately help families in Garfield, Pitkin, and western Eagle counties access community resources, mental health support, and parent support groups at no cost.

Great Expectations is inviting applications for three Board seats with terms commencing July 1, 2025. With looming financial challenges tied to fluctuations in government funding, strong leadership and strategic foresight are more vital than ever.

If you are interested in making a difference in the lives of future Coloradans, please fill out the [Board Director Interest Form](#) hopefully by March 31, 2025.

While we invite all interested candidates to apply, we are actively looking for persons with these distinctions:

- Corporate and individual philanthropy
- IT, including security and data/CRM software
- Nonprofit management
- Spanish language proficiency
- Reside in Colorado
- Colorado state governance
- State and federal funding
